Technical specifications:

- > Light source : RGB Poweredled
- > LED Quantity : 1pc.
- > Power consumption : 5W
- > Material : aluminum, plastic
- > Weight : 0.600kgs.
- > Dimension : 20 x 20 x 14cm
- > Beam angle : 360°
- > Lumen output : 80lm.
- > Color temperature : not applicable
- > Input voltage : 5V (through Adapter)
- > Working temperature : 0°C ~ 45°C
- > Working humidity : 10 ~ 95°
- > Color range : RGB
- > Protection rate : IP20
- > Available certificates : CE
- > Extra information : selected Trophies retail product
: remote control included
: White semi-transparent plastic shade;
: integrated LED!
: Dimmable with remote

Attention: Please take in consideration that there might be a difference in the color reproduction of individual LEDs in different production batches.
